Petersburg Odd-Fellows Have
Enjoyable Evening, Fun Fol-
lowing Business Session.

CHILD FALLS FROM WINDOW

Though Tumbling Headforemost
from Second Story, Its In-
juries Are Not Serious.

(Special to The Times-Dispatch.)

PETERSBURG, VA., July 9.—Monroe Lodge of Odd-Fellows installed the following officers last night: Noble Grand, William L. Harris; Vice-Grand, James J. Joyner; Recording Secretary, James Hancock; Financial Secretary, J. R. W. Smith; Treasurer, James B. Blanks; Chaplain, O. S. Steger; Warden, William W. Jones; Inside Guardian, Solomon Carr; Outside Guardian, C. B. Williams; Conductor, L. G. Adams; Past Grand, John E. Moss. After the ceremonies of installation the members spent a delightful social evening at an informal supper.

A new board of deacons was installed at the Harrison Street Baptist Church, colored, last evening, to succeed the board recently expelled during the bitter discussion in the congregation between Pastor Eli Tavit and a majority of the members on one side, and the deacons and trustees with their supporters on the other. The expelled officers were charged with misappropriating church funds, a quarrel resulting, which seems to be still under way, as the old officers have engaged the law firm of Bernard & Townsend to carry the matter into the courts.

Falls From Child Window.

A two-year-old child of Lucy Jones, colored, fell to the ground from the second story window of a house on Gill Street a day or two ago, receiving no injury except a broken arm. The child was attended by a physician, and is getting on very well.

While starting from his home to take a street car ride to Farnham Park last evening, Richard Wallace Ruffin, the eleven-year-old son of Mr. and Mrs. Charles Ruffin, fell to the ground unconscious a few yards from his parents' house, and died in a few minutes, without regaining consciousness. As soon as the little boy fell Mr. Ruffin ran to his assistance, and brought him into the house, where a physician made every effort to restore him, but without result.

Clergyman B. G. Hill left last evening for Huntsville, Ala., to attend a reunion of his old comrades in General N. B. Forrest's cavalry.

STONE MARKS HISTORIC SPOT

Culpeper Church Erects Slab
Where Once Stood Mt.
Pony Church.

(Special to The Times-Dispatch.)
CULPEPER, VA., July 9.—To-day marked an epoch in the ancient history of the Baptist church of Culpeper. Impressive dedication ceremonies of an imposing stone took place on the original site of the Mount Pony Baptist Church, in this county, which was organized as a church in 1774, moved to Culpeper in 1833, and its name changed to Culpeper Baptist Church in 1878. Rev. E. W. Winfrey is pastor. The stone monument is erected on the exact spot of the foundation of the old church house, two miles from the city. The following inscription is chiseled on the stone: "Here stood the Mount Pony Baptist Church, organized in 1774. July, 1907."

Dr. George W. McDaniel, of the First Baptist Church, of Richmond, delivered a fine address. The address, which was given at the dedication of the new school building, was held in connection with the stone dedication ceremonies.

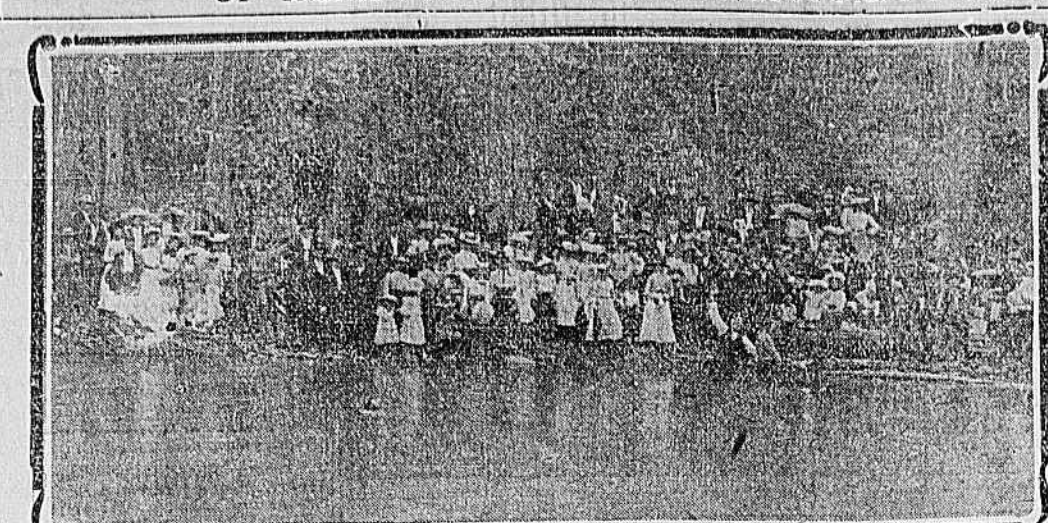

STAGE EMPLOYES DECIDE TO APPEAL

Allege That International Brother-
hood of Electrical Workers
Usurped Their Jurisdiction.

(Special to The Times-Dispatch.)
NORFOLK, VA., July 9.—The International Alliance of Theatrical Stage Employees, in convention here to-day appealed from the alleged usurpation of jurisdiction by the International Brotherhood of Electrical Workers in compelling all stage electricians to become members of their organization whether affiliated with the stage employees or not. The stage employees claim jurisdiction over the stage electricians. The address, which was given at the dedication of the new school building, was held in connection with the stone dedication ceremonies.

The stage employees to-day considered the applications for about 1,000 charters for affiliates in many cities. Most of them were refused on the ground that the points from which the applications came did not maintain two or more theatres with fifteen

REV. J. C. SWINDAL PERFORMING RITE OF IMMERSION IN A MOUNTAIN POOL

ADMINISTERING THE RITE OF BAPTISM.

(Special to The Times-Dispatch.)
CLINTWOOD, VA., July 9.—Parson John Calvin Swindal, pastor of Little Zion Regular Baptist Church, is "making it hot" for the secret orders, especially the Odd-Fellows, in this section. About six months ago he declared that those of his members who belong to any of these orders must withdraw from them or leave his church. The parson takes the stand that if there be anything worthy about these orders it should not be kept hidden under a "bushel," but should be set upon a "pedestal." Then again, he says, that in Holy Writ they are admonished to come out from among them (the secret orders). He thinks it is obvious to every man with good intentions that if there were any good things about these orders they would not be so closely guarded to keep them from the light. Again, he says, "Men love darkness rather than light, because their deeds are evil."

MUCH MYSTERY ABOUT EXPLOSION

Must Have Been Stick of Dynamite in Sheaf of Wheat.
Man Injured.

(Special to The Times-Dispatch.)
CHATHAM, VA., July 9.—Dynamite concealed in a bundle of wheat, or explosion from some cause yet unknown, resulted in the breaking of one arm of Beverly Jones and severely bruising Leo Payne about the face and body. The grain was very damp, and had begun to choke the machine, and while trying to remove the obstructing wheat under the cylinder, suddenly there was a very loud report, and the air was filled with flying pieces of the broken machine, many of which struck Mr. Payne, causing the injuries he received, and breaking the arm of Mr. Jones. The fore part of the threshing was torn to pieces, and parts of broken iron were hurled some distance away.

The occurrence is so different from anything of the kind with threshers that many are led to believe it was from dynamite, as it cannot be accounted for in any other way. About two weeks ago an engine exploded while a crop in this county was being threshed, killing four men and completely wrecking the engine.

Hopkins & Allen Safety Police Revolver \$7.50

No power on Earth can get the Hammer of this Revolver on or near the Firing Pin Unless the Trigger is Pulled.

The Hopkins & Allen Safety Police Revolver is the only absolutely safe revolver made. The Safety Police combines for the first time an absolute safety principle with supreme accuracy and reliability. When the trigger is pulled the hammer drives straight to the firing pin, and throws the full force of its blow without any striking lever or mechanism interfering with the force of the impact. It cannot misfire or have fire as in other safety revolvers. When the trigger is released the hammer, working on its eccentric, rises instantly and rests at absolute safety against the solid frame of the firing pin. Strike the hammer, however, by accident, it cannot go off. Nothing can move the hammer against or near the firing pin until the trigger is pulled. You can see the safety mechanism yourself. This new and Looking Joint is the strongest and joint ever devised for an automatic revolver. It cannot shoot loose. Price \$7.50. For sale at this price by all dealers. A year dealer does not handle them, will send the revolver postpaid on receipt of above price, either 35 or 38 calibre, centre fire.
